

## Rediscover Youthful Radiance

AGE FIRING is a cosmetic sterile solution that combines immediate and progressive moisturizing and firming actions, delivering remarkable results and effective skin rejuvenation.

### Key Benefits

- **Enhanced Firmness:** Tailored to increase skin firmness, AGE FIRING strengthens tissue fibers, visibly reducing the appearance of fine lines and wrinkles.
- **Promotes Youthful Appearance:** This specialized formula promotes younger-looking skin, helping you achieve a revitalized and more radiant complexion.

### Science-Backed Ingredients

**Hyaluronic Acid Cube 3:** Comprising three molecular weights of hyaluronic acid, this natural polysaccharide belongs to the glycosaminoglycan group, a crucial component of healthy skin. Its ability to bind to water molecules, at one thousand times its weight, ensures effective moisture retention, promoting tissue firmness, volume, and skin elasticity.

**DMAE (Dimethylaminoethanol):** A precursor to acetylcholine, DMAE stabilizes cell membranes, playing a key role in skin tone enhancement. Acetylcholine, a neurotransmitter, contributes to strengthening and lifting aging and sagging skin.

**Organic Silanol:** This element is an integral part of vital macromolecules like elastin, collagen, proteoglycans, and glycoproteins. Silanol's presence supports cell metabolism and division, further contributing to skin health.

**Panthenol (Vitamin B5):** An essential component in numerous enzymatic reactions within the metabolism of proteins, sugars, and fats, Panthenol brings added moisturization factors to your skincare regimen.

**Thiamine HCl (Vitamin B1):** As an enzymatic cofactor, Vitamin B1 is crucial for the metabolism of carbohydrates, fats, and amino acids.

### A Comprehensive Solution

AGE FIRING offers a holistic approach to skincare, addressing key factors in skin health and aging. The combination of its potent ingredients results in enhanced skin firmness, elasticity, and a visibly smoother appearance.

### Experience the Benefits of AGE FIRING

This advanced solution offers a science-backed formula designed to enhance skin firmness, reduce the appearance of fine lines and wrinkles, and promote a revitalized and radiant complexion.

### INDICATED FOR

- Facial rejuvenation
- Fine lines and wrinkles
- Flaccid skin

### PRESENTATION

5 vials x 10 ml, 50 mL e 1,69 fl oz.

### INGREDIENTS

Hyaluronic Acid Cube 3, DMAE, Organic Silanol, Panthenol, Thiamine HCl.

### APPLICATION

Apply on clean and dry skin and massage in until completely absorbed, or via virtual meso, skin needling, transdermal techniques.

### FORMULATION

Sterile professional solution, WFI and osmolarity balanced.
